

WTPFWorldTradePointFederation

The WTPFWorldTradePointFederation, is a non-governmental organization registered in Geneva, Switzerland. Its purpose is to bring together, within one working philosophy all the Trade Points established in accordance with the guidelines of the Trade Point Programme, created by UNCTAD, and to serve as an institutional framework for them.

The WTPFWorldTradePointFederation has the following objectives:

- (a) Fostering greater participation in international trade of small and medium-sized enterprises MEs, giving special attention to the Least Developed Countries and other countries less advanced in the area of trade efficiency through the use of e-commerce technologies;
- (b) Reducing transaction costs in international trade by contributing to the simplification and harmonization of trade procedures worldwide.
- (c) Opening international trade to new participants, especially SMEs, by contributing to the simplification and harmonization of trade procedures worldwide and giving traders access to advanced technologies and information networks.
